

October, 2012

To Whom It May Concern:

On behalf of myself and Mary Kay Ukraine, I would like to express to CB Richard Ellis our deepest thanks and appreciation for the good work and professional services including the search process, selection and analysis of the premises, assistance in viewing the selected properties, securing the lease of the new office premises and representation of our interests while negotiating with the Landlord.

All the above mentioned services were provided in professional, timely and business manner. We would like to draw attention to the high level of competence of Anna Pinchuk, Property Advisor who demonstrated deep knowledge of the real estate market of Kyiv and orientation toward business needs and interests of our company and Radomyr Tsurkan, Director who closely supported this project.

We are fully satisfied with the results achieved and have no hesitation in recommending CB Richard Ellis to any company looking for comprehensive highly professional services in office relocation and property solutions.

Sincerely,  
Tetyana Markus,  
Administrative Manager
