

7 September, 2016

To whom it may concern:

Herewith we would like to acknowledge the successful working relationship that has been held with CBRE Ukraine (Expandia LLC) and Heitman from 2010 to 2016.

In early 2010 CBRE Ukraine (Expandia LLC) was appointed by Heitman International to provide property management services (including accounting) for an asset we control in Ukraine: East Gate Logistic complex located in Boryspil, Kyiv region.

Heitman can confirm that CBRE Ukraine proved itself a strong and reliable partner – capable of carrying out any requested task related to all aspects of property management in an efficient and timely manner.

We would like to continue our cooperation and more than sure that we will involve CBRE Ukraine in our future projects in Ukraine.

Based on our experience with CBRE Ukraine we are happy to recommend them as a reliable partner of real estate management services in the Ukrainian market.

Yours Sincerely,

Victoria Yakubenko
